

PM Testing Laboratory

Environmental Pricing

Water analysis:

Analysis:	Method:	Price (7-10 day turn):	Rush (3-5 day turn):
Trace Metals: 20 metals	EPA 200.8	\$85	\$120
Trace Metals: 6 metals	EPA 200.8	\$70	\$105
Trace Metals: 2 metals	EPA 200.8	\$60	\$90
Trace Metals: 1 metal	EPA 200.8	\$50	\$75
Trace Metals: Total Quant (scan)	EPA 200.8	\$40	\$60
Turbidity	EPA 180.1	\$15	\$22.50
Total Cyanides	EPA 335.4	\$65	\$97.50
HEM (Fats, Oils, & Grease)	EPA 1664A	\$65	\$97.50

PM Testing no longer provides field sampling

A 5% environmental surcharge will be assessed for all invoices for environmental compliance and waste disposal related to testing; applicable certification fees will apply, inquire for details. Terms and conditions apply. Prices are subject to change. Reports will not be released without payment.

Terms and Conditions

All reports are submitted as the confidential property of our clients. Authorization for publication of our reports, conclusions or extracts from or regarding them, is pending our written approval as a mutual protection to clients, the public, and ourselves. PM Testing's liability shall in no case exceed the amount shown on the invoice.

Sample Containers: PM Testing Laboratories provides bottles and containers in which to collect samples. Sample containers are certified clean and contain the appropriate preservatives and labels. Chain of Custody forms are provided at no charge. Contact the laboratory to have the proper collection supplies prepared for your project.

Sample Handling: To insure sample integrity and test accuracy, samples should arrive at the laboratory cooled to the proper temperature and as soon as possible following collection. Contact the laboratory regarding holding time limits for analyses and delivery requirements to the laboratory.

Test Schedule: The usual schedule for routine testing and reporting are seven to ten business days depending on the project and analyses. Rush processing is available for an additional charge. PM Testing Laboratories will work with the client to meet individual needs.

Test Methods: PM Testing Laboratories utilizes generally accepted and industry standard test methodologies and follows strict quality control and quality assurance procedures in the performance of laboratory tests. Test methodologies recommended by ASTM, EPA, DOE are routinely utilized where appropriate.

Payment Terms: Payment terms for services rendered are Net Due 30 days from invoice date. A service fee of 1.5% will be assessed on those unpaid invoices over 45 days outstanding.

Rush Charges: An additional fee of 50% of the list price will be added for rush service. Rush samples must arrive in the laboratory prior to 3PM or the time received will be considered to be 8 A.M. the following business day.

Miscellaneous Charges: Certification fees will be assessed at 4.25% of the lot charge per invoice billed. A 5% environmental surcharge will be assessed for all invoices for environmental compliance and waste disposal related to testing.

Limitation of Liability: PM Testing Laboratories limits its liability for services provided to the accuracy and timeliness of the test procedures performed according to generally accepted industry methods and standards. Liability is limited only to the invoiced amount and only to the entity to which services were provided. PM Testing Laboratories assumes no responsibility for the interpretation, utilization or presentation of report data by the client or other parties or for the occurrence of results from such action.
